

welcome to our
PDO event

PERSONAL **D**EVICES **O**FF

**all the way off or in airplane mode
(not in silent or vibrate mode)**

This is in the same spirit as smoke-free, fragrance-free, and peanut-free events. It's also in the spirit of everyone getting the most out of the event.

A percentage of the general population is adversely affected by the radiation emitted by cell phones, laptops, tablets, and other personal devices. In a meeting environment, this can cause serious health problems (immediate, short-term, long-term, or permanent).

thank you
